

WHAT IS GEOGRAPHY?

A whole school competition

A few weeks ago, Miss Ringrow and Mrs Howson met over 40 children across the school to look at Geography work. It was wonderful. However...

Very few children could give a definition of what Geography actually is. So...

We want to launch a competition where you write a sentence and design a symbol about what you think Geography means.

Rules:

Use the template provided on the school website

3. Use pens or pencils only to design

1. Write your definition clearly in the outer circle - It must start 'Geography is...' (Practise the spacing first!)

4. Hand in your entry to Mrs Howson in 4C by Mon 9th March

5. All entrants will receive a Geography badge

2. In the inner circle draw a picture/symbol to represent what you think geography is

6. A winner from each phase will win a Geography prize
