

Covid-19 – Risk Assessment Tool for September Opening of Schools
Adopted By WCPS

Introduction

Government guidance stipulated that, to prepare for wider opening from 1 June 2020, every setting must carry out a risk assessment before opening. Following the government guidance that schools should open to all pupils from September 2020 it was outlined that schools should revisit and update their risk assessments (building on the learning to date and the practices they have already developed) to consider the additional risks and control measures to enable a return to full capacity in the autumn term and in line with the government's 'Guidance for full opening: schools' published on 2 July 2020. The government guidance clarifies that this is to inform school decisions and control measures - a risk assessment is not about creating huge amounts of paperwork, but rather about identifying sensible measures to control the risks in the workplace, and the role of others in supporting that. The risk assessment will help school leaders and employers decide whether they have done everything they need to.

Schools should also review and update their wider risk assessments and consider the need for relevant revised controls in respect of their conventional risk profile considering the implications of coronavirus (COVID-19). The risk assessment has been updated to reflect the government guidance 08/07/2020.

This document is designed as a tool to meet this requirement, referencing the specific government guidance, and especially "Implementing protective measures in education and childcare settings". It covers, as far as possible, guidance issued by the DfE up to 22nd June 2020, and will need to be updated as new guidance is provided.

The WCPS School leadership team will continue to review and amend following latest government guidance

Actions for schools during the coronavirus outbreak

(Last updated 22 February 2021)

Safe working in education, childcare and children's social care settings, including the use of personal, protective equipment (PPE) Updated 16th June 2020

(Last updated 01 March 2021)

<https://www.gov.uk/government/publications/safe-working-in-education-childcare-and-childrens-social-care>

Updated: January 2021 updates in blue, to include extra precautions and reminders for new Covid -19 variant

Updated: March 2021 updates in green, to reflect preparation for the wider opening of school 08 March

The 'Implementing protective measures' document clarifies that there are important actions that children and young people, their parents and those who work with them can take during the coronavirus outbreak, to help prevent the spread of the virus, dealing with direct transmission (for instance, when in close contact with those sneezing and coughing) and indirect transmission (via touching contaminated surfaces). A range of approaches and actions should be employed to do this. These can be seen as a hierarchy of controls that, when implemented, creates an inherently safer system, where the risk of transmission of infection is substantially reduced. These include:

1. MINIMISE CONTACT WITH UNWELL INDIVIDUALS - minimising contact with individuals who are unwell by ensuring that those who have coronavirus symptoms, or who have someone in their household who does, do not attend childcare settings, schools or colleges
2. CLEANING HANDS - cleaning hands more often than usual - wash hands thoroughly for 20 seconds with running water and soap and dry them thoroughly or use alcohol hand rub or sanitiser ensuring that all parts of the hands are covered
3. RESPIRATORY HYGIENE - ensuring good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach
4. CLEANING REGIME - cleaning frequently touched surfaces often using standard products, such as detergents and bleach
5. ALTERING THE ENVIRONMENT AND ORGANISATION TO MINIMISE CONTACT - minimising contact and mixing by altering, as much as possible, the environment (such as classroom layout) and timetables (such as staggered break times)

Please note with regards to the 'hazards and issues' many of these are taken directly from government guidance, but **all must be considered in the context of individual schools.**

This risk assessment tool therefore retains these measures, and then "other" measures such as staff and pupil wellbeing, and staff levels to provide a safe environment, but also updates to reflect the 2 July 2020 'Guidance for Full Opening. This summarises the important requirements within the context of providing for the resumption of the full range of curriculum subjects and vulnerable children including those with special educational needs:

Essential measures include:

- a requirement that people who are ill stay at home
- robust hand and respiratory hygiene
- enhanced cleaning arrangements
- active engagement with NHS Test and Trace
- formal consideration of how to reduce contacts and maximise distancing between those in school wherever possible and minimise potential for contamination so far as is reasonably practicable

How contacts are reduced will depend on the school's circumstances and will (as much as possible) include:

- grouping children together
- avoiding contact between groups
- arranging classrooms with forward facing desks
- staff maintaining distance from pupils and other staff as much as possible

Updated: January 2021 updates in blue, to include extra precautions and reminders for new Covid -19 variant

Updated: March 2021 updates in green, to reflect preparation for the wider opening of school 08 March

It should be noted that this template incorporates the guidance from Merton LA, however is not in exactly the same format, as the school implemented the RA before receipt of the publication of an LA template. The LA template does not provide for the standard 'Likelihood x Severity' process. The expectation is that the government prescribed control measures will control the risk, but where this cannot be met there would be the need for a further more formal risk assessment. The WCPS risk assessment is unable to provide standard 'Likelihood x Severity'. The HT has requested Merton LA audit the risk assessment to have visibility of the schools plans and comment, if additional actions/ considerations are required.

Updated: January 2021 updates in blue, to include extra precautions and reminders for new Covid -19 variant

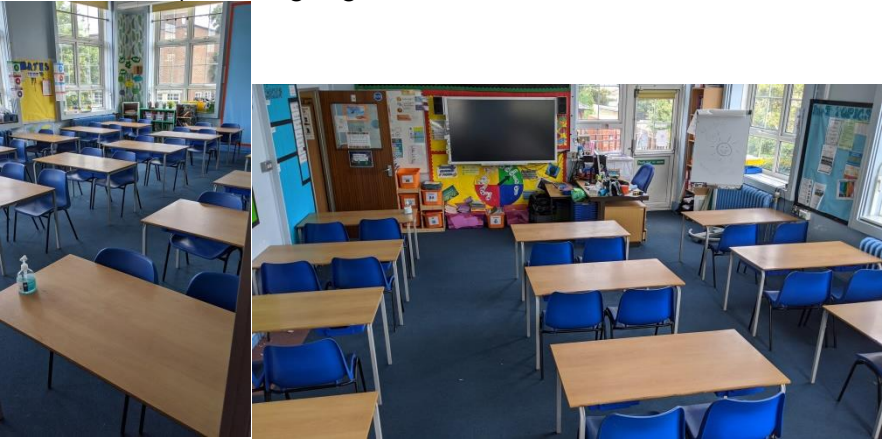

Updated: March 2021 updates in green, to reflect preparation for the wider opening of school 08 March

This is a protective measures risk assessment for WCPS which has been prepared in response to the Government's phased return plans.

	Recommended controls/Mitigation and Protective Measures	Further RA required? Yes/No	Action
<p>Awareness of and adherence to policies and procedures</p>	<ul style="list-style-type: none"> ● All staff, pupils and volunteers are aware of all relevant policies and procedures. <ul style="list-style-type: none"> - Updated safeguarding Policy, First Aid (to include Covid 19), Health & Safety, ● All staff have regard to all relevant guidance and legislation including, but not limited to, the following: <ul style="list-style-type: none"> - The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013 - The Health Protection (Notification) Regulations 2010 - Public Health England (PHE) (2017) 'Health protection in schools and other childcare facilities' - DfE and PHE (2020) 'COVID-19: guidance for educational settings' ● The relevant staff receive any necessary training that helps minimise the spread of infection, e.g. infection control training. ● The school keeps up-to-date with advice issued by, but not limited to, the following: <ul style="list-style-type: none"> - DfE; NHS; Department of Health and Social Care; PHE; LCRC ● Staff are made aware of the school's infection control procedures in relation to Coronavirus via emails & virtual meetings. ● Parents are made aware of the school's infection control procedures in relation to coronavirus – they are informed that they must not send their child to school if the child develops coronavirus symptoms or if another household member develops coronavirus symptoms. In both these circumstances the parents should call the school to inform the school of this and that they will be following the national <u>Stay at Home</u> guidance. Staff have been informed of the Stay at home guidance and of the latest Government Guidance if they or a family member become unwell with Covid-19 symptoms. Parents and staff have also been advised they must engage with the test and trace programme. ● Pupils are made aware of the school's infection control procedures in relation to coronavirus and are informed that they must tell a member of staff if they begin to feel unwell. ● The confidentiality sections in the Staff Code of Conduct Policy are followed – this includes withholding the names of staff, volunteers and pupils with either confirmed or suspected cases of coronavirus. 	<p>Y</p> <p>Y</p>	<p>Weekly/Daily updates Weekly</p> <p>Assemblies/PHSE</p> <p>Updated Sept 20</p>

Updated: January 2021 updates in blue, to include extra precautions and reminders for new Covid -19 variant

Updated: March 2021 updates in green, to reflect preparation for the wider opening of school 08 March

	<ul style="list-style-type: none"> Decide the physical and organisational structures needed to limit risks and keep groupings ('bubbles') while recognizing the need for the resumption of the full range of curriculum subjects and government expectations for teaching and learning. Whatever the size of the group, they should be kept apart from other groups where possible and older children should be encouraged to keep their distance within groups. 	Y	Keep under constant review
	Recommended controls/Mitigation and Protective Measures	Further RA required? Yes/No	Action
<p>Implementing social distancing</p> <p>(Altering the environment organisation to minimise contact)</p>	<ul style="list-style-type: none"> Small class groups, (bubbles of 30) are organised as described in the 'class or group sizes' in DfE guidelines. Children and adults remain within a year group to minimise contact. Classrooms and other learning environments are organised to maintain space between seats and desks where possible. The classrooms and corridors now include very clear signage. 	Y	Intervention groups restricted to class bubbles

Updated: January 2021 updates in blue, to include extra precautions and reminders for new Covid -19 variant
Updated: March 2021 updates in green, to reflect preparation for the wider opening of school 08 March

- The timetable is revised to implement where possible:
 - Plan for lessons or activities which limit movement between areas;
 - Maximise number of lessons or classroom activities which could take place outdoors
 - Assemblies held via google classroom.
 - Break times (including lunch) are staggered so that all children are not moving around the school at the same time (children separated by year groups);
 - Drop-off and collection times are staggered;
 - Parents' drop-off and pick-up protocols are planned so that they minimise adult to adult contact; Including a one-way system through the playground, markings, one adult per household, parents not to enter school premises other than for emergency reasons (Parents strongly advised to wear a face covering). Correspondence promoted via telephone/email/virtual meetings.
 - Classes of children are together throughout the day and avoid mixing with larger groups of children other than their year group.
- Unnecessary items are removed from classrooms and other learning environments where there is space to store these elsewhere.

Updated: January 2021 updates in blue, to include extra precautions and reminders for new Covid -19 variant

Updated: March 2021 updates in green, to reflect preparation for the wider opening of school 08 March

	<ul style="list-style-type: none"> • All desks should be facing forwards, where possible. • Avoid large gatherings such as assemblies with more than one group/cohort • Encourage class cohort to keep at least partially separate, minimising contact between children, as will still offer public health benefits. • The catering provider will resume the provision of hot meals. • Lunchtimes will be staggered to enable social distancing. • MDS will monitor that children do not share food. • Year groups/phases will have allocated MDS to work within their bubble. • Children have utensils allocated per class. • Children sit at their allocated class tables to eat. <ul style="list-style-type: none"> • Children in KS1 and KS2 must not share stationery beyond their seating partner. • PE to take place outside weather permitting. Where PE takes place in the gym and main hall, ensure that the rooms are well ventilated, keeping windows and double doors/external doors open. 		<p>Assemblies delivered to class room 'live' via google meets</p> <p>Staggered lunchtime arrangements under regular review, to ensure infection prevention.</p>

Y

<p>Play equipment ordered for each class/Year group</p> <p>Site team and staff clean up to 4x a day</p>

	Recommended controls/Mitigation and Protective Measures	Further RA required? Yes/No	Action
Clear Signage	<ul style="list-style-type: none"> • Posters are displayed throughout the school reminding pupils to wash their hands, e.g. before entering and leaving the school. • New signage has been placed around school and grounds requesting that parents/visitors maintain a +2 metre distance, where possible. • Additional outdoor signage to encourage parents/visitors to wear a face covering on school site. 		
Dining area	<ul style="list-style-type: none"> • Pupils wash their hands with soap before and after break times and lunchtimes for no less than 20 seconds. • Additional alcohol-based sanitiser (that contains no less than 70 percent alcohol) is provided for use where social distancing cannot be adhered to. • Anti-bacterial wipes will be issued to staff • Infection control procedures are adhered to as much as possible in accordance with the DfE and PHE's guidance. • Sufficient amounts of soap (or hand sanitiser where applicable), clean water, paper towels and waste disposal bins are supplied in all toilets and kitchen areas. • Where possible, pupils are supervised by staff when washing their hands to ensure it is done correctly, where necessary. Pupils also sanitise hands on re-entry to classroom after toilet. 		
Cleaning the environment	<ul style="list-style-type: none"> • Pupils do not share cutlery, cups or food. Children and adults can eat in class/outside/lunch hall in staggered sittings. No more than 90 pupils from one cohort to access the dining area at one time. Children enter the dining hall in their class and year group bubble – each class will sit at specified labelled tables: year groups do not sit together. When each year group finishes, tables are sanitised by staff before the next year group eats. Year groups return to specified play area and are supervised by the same midday supervisors • Where possible, chairs are socially distanced with visual markings (ticks) so children can see where to sit • All utensils are thoroughly cleaned before and after use. (Staffroom utensils to be cleaned in dishwasher) • Cleaners are employed by the school to carry out daily, thorough, enhanced cleaning that follows national guidance and is compliant with the COSHH Policy and the Health and Safety Policy. • The school has arranged enhanced cleaning to be undertaken where required

Updated: March 2021 updates in green, to reflect preparation for the wider opening of school 08 March

Personal Protective Equipment (PPE)	<ul style="list-style-type: none"> ● Wearing a face covering or face mask in classrooms is not recommended. Staff to discuss/risk assess individually with HT if this is required. ● Staff should wear face coverings when moving around the school; in corridors and communal areas. Staff do not need to wear face coverings when teaching or working in the classroom in their bubble. ● Staff may wear face covering if maintaining social distance is not possible (see individual risk assessments). ● The majority of staff will not require PPE beyond what they would normally need for their work, even if they are not always able to maintain a distance of 2 metres from others. ● PPE is only needed in a very small number of cases including: <ul style="list-style-type: none"> - children whose care routinely already involves the use of PPE due to their intimate care needs. - if a child becomes unwell with symptoms of coronavirus while in school and needs direct personal care until they can return home. A fluid- resistant surgical face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the child is necessary, then disposable gloves, a disposable apron and a fluid- resistant surgical face mask should be worn by the supervising adult. - Dispose of PPE in a double bag. 	Y	A number of staff wear visors following individual RAs
--	---	---	--

Updated: January 2021 updates in blue, to include extra precautions and reminders for new Covid -19 variant
Updated: March 2021 updates in green, to reflect preparation for the wider opening of school 08 March

<p>Ill Health</p> <p>(Unwell/ suspected unwell individuals)</p>	<ul style="list-style-type: none"> ● Plan for the school level response should someone fall ill on site (following 'Implementing Protective Measures' additional questions guidance). ● Staff are informed of the symptoms of possible coronavirus infection, e.g. a continuous cough, difficulty in breathing and high temperature, loss of smell and are kept up-to-date with national guidance about the signs, symptoms and transmission of coronavirus. ● Parents and staff informed not to attend school if staff/child/parent unwell. In order to reduce the risk of the infection spreading, parents, children and staff must not attend school if they are unwell or if they are displaying Covid-19 symptoms. They must not come to school if any member of the household has COVID-19 symptoms and should follow the Stay at Home guidance. Parents /children and staff informed not to attend school if displaying Covid-19 symptoms. Advised how to self- refer for testing. A pupil will be given a home testing kit from school, if it is believed that they would otherwise not get or use one. ● Any pupil who displays signs of being unwell is immediately referred to staff in the school office/first aid room. ● Staff ensure that any unwell pupils are moved to an empty room(Library) whilst they wait for their parent to collect them. ● Pupils displaying symptoms of coronavirus do not come into contact with other pupils and as few staff as possible, whilst still ensuring the pupil is safe. ● The relevant member of staff calls for emergency assistance immediately if the pupil's symptoms worsen. ● The parents of an unwell pupil are informed as soon as possible of the situation by a relevant member of staff. ● Where contact with a pupil's parents cannot be made, appropriate procedures are followed in accordance with those outlined in governmental guidance. ● Unwell pupils who are waiting to go home are kept in an isolated area where they can be at least two metres away from others. (ventilated Library) ● Refer to flow chart for schools from LA – version 6 [appendix] ● Minimise contact with individuals who are unwell by ensuring that those who have coronavirus symptoms, or who have someone in their household who does, or have tested positive in the last 10 days, do not attend school, and ensuring anyone developing those symptoms during the school day is sent home. 		
--	---	--	--

Updated: January 2021 updates in blue, to include extra precautions and reminders for new Covid -19 variant
Updated: March 2021 updates in green, to reflect preparation for the wider opening of school 08 March

	<ul style="list-style-type: none"> • Areas used by unwell pupils who need to go home are thoroughly deep cleaned once vacated and fogged once per week. • If unwell pupils are waiting to go home, they are instructed to use different toilets to the rest of the school to minimise the spread of infection. Toilets closed until additional deep cleaned and fogger used. • Parents are advised to contact 999 if their child becomes seriously ill or their life is at risk. • Parents advised for children eligible to attend school, and members of their households, they will have access to testing if they display symptoms of coronavirus (COVID-19). To access testing parents should use the 119 online coronavirus service if their child is 5 or over. Parents advised to telephone 119 if their child is under 5. This will enable children and staff to get back into childcare and education, and parents to get back to work, if the test proves to be negative. In the event of a child or member of staff testing positive for COVID-19, the bubble in which the child or adult has been learning will be sent home and advised to self-isolate for 14 days. As part of the national test and trace programme, if other cases are detected within the cohort or in the wider setting, Public Health England's local protection teams and LCRC will conduct a rapid investigation and will advise school on the most appropriate action to take. • A Defibrillator has been placed in the main school reception area near the front door. 		
Spread of infection	<ul style="list-style-type: none"> • Staff invited to Lateral Flow Test before start of January term. • Staff advised Lateral Flow Tests available for Merton keyworkers (without symptoms) • Lateral Flow Test booking information shared with staff. • Staff are invited to participate in a twice weekly LFD testing regime, kits issued by school. The results of these tests are reported both to the school and NHS. • 4 members of staff completed training in LFD testing organisation and administration via webinars. • Classrooms will be well ventilated. This is more challenging at this time of year because of the cold, children being able to put coats on if needed, regularly opening and but then reducing during the lesson if extremely cold, ventilate classrooms and other areas properly between classes and uses, including at breaks and at lunchtime. • Spillages of bodily fluids, e.g. respiratory and nasal discharges, are cleaned up immediately in line with <u>Cleaning in non-healthcare settings</u> guidance. • Pupils are instructed to cough or sneeze into their elbow and use a tissue to cover their mouths where possible, disposing of the tissue in waste disposal units. • Pupils clean their hands after they have coughed or sneezed. • Parents are informed not to bring their children to school or on the school premises if they show signs of being unwell and believe they have been exposed to coronavirus. 	Y	Risk assessment completed

Updated: January 2021 updates in blue, to include extra precautions and reminders for new Covid -19 variant

Updated: March 2021 updates in green, to reflect preparation for the wider opening of school 08 March

<p>Taking swift action to contact the local health protection team, and use of NHS Test and Trace</p>	<ul style="list-style-type: none"> Children who have displayed symptoms of coronavirus must self-isolate for 10 days before returning to school. Pupils queue 2 metres apart at entrances and exits to avoid risks of transmission. <p>School will use the dedicated advice service for schools when receiving information of a positive test and engage with their risk assessment.</p> <p>Swift action to report and work with local health protection team and NHS Test and Trace along with the Covid-19 early outbreak management action cards.</p> <p>Schools must take swift action when they become aware that someone who has attended has tested positive for coronavirus (COVID-19), as per the Local Authority's flow chart.</p> <p>Schools must ensure they understand the flowchart and the NHS Test and Trace process</p> <p>School will engage with the NHS track and Trace process. School will ensure that staff members and parents/carers understand that they will need to be ready and willing to:</p> <ul style="list-style-type: none"> <u>book a test</u> if they are displaying symptoms. Staff and pupils must not come into the school if they have symptoms, and must be sent home to self-isolate if they develop them in school. All children can be tested, including children under 5, but children aged 11 and under will need to be helped by their parents/carers if using a home testing kit provide details of anyone they have been in close contact with if they were to test positive for coronavirus (COVID-19) or if asked by NHS Test and Trace <u>self-isolate</u> if they have been in close contact with someone who develops coronavirus (COVID-19) symptoms or someone who tests positive for coronavirus (COVID-19) <p>School will ask parents and staff to inform them immediately of the results of a test. School will contact the local public health protection team and LCRC as soon as they become aware of a positive test and follow their guidance. School will send home any person who has been in close contact with the infected individual, asking them to self-isolate for 14 days.</p> <p>Close contact is defined as:</p> <ul style="list-style-type: none"> face to face contact for any length of time, within 1 metre, being coughed on, face to face conversation or physical contact (skin to skin) proximity contacts - extended close contact (1-2 meters for more than 15 minutes) travelling in a car with an infected person

Updated: March 2021 updates in green, to reflect preparation for the wider opening of school 08 March

<p>Staff Well-being</p>	<ul style="list-style-type: none"> • Building/maintenance work is scheduled/planned using the social distancing guidance, minimising numbers on school site • Cleaning contractors are briefed on the additional cleaning requirements and agree additional hours to allow for this. • HT ongoing audit of staff health/ill health • HT communicates with SLT daily and every other day via weekly video meetings • HT maintains regular contact with all staff via video conferencing Phase meetings weekly • HT holds weekly safeguarding meetings and any concerns flagged/actioned and monitored on 'My Concern' Communication to required staff and DSLs. Parental contact and external multi agency working when/where required. • HT communicates and maintains regular communication with whole staff via email and video conferencing weekly • HT monitors shielded/self-isolating/ill staff and follows DFE/HR guidance for staff within these categories. Staff/HT within these groups to have individual risk assessments in place before any return to work. • Staff are expected to be able to return to work, implementing the advice stated in this risk assessment. Staff with individual risk assessments will have them updated in line with present guidelines, regularly. • Staff well-being is monitored including pastoral support is in place. • Introduction of a password protected staff page on the school website signposting staff to organisations for support. 		
--------------------------------	---	--	--

	Recommended controls/Mitigation and Protective Measures	Further RA required? Yes/No	Action
<p>Pupil Well-being</p>	<ul style="list-style-type: none"> • Referral or guidance to external services promoted. • Staff safeguarding monitored re remote working, considerations of workload, personal family circumstances, expectations with ICT, lesson planning incl safeguarding re telephone/live lesson delivery/communication from own home. • Children taught social distancing in school • The curriculum is adapted to support well-being first. The Curriculum is adapted to support children's return to school. Resources to include a recovery curriculum. • If staff have any concerns regarding a child they will communicate with parents • Additional services including Elsa/Mentoring/external services will be sign posted/promoted • Staff are encouraged to promote outdoor learning for pupils where possible. 		

Updated: January 2021 updates in blue, to include extra precautions and reminders for new Covid -19 variant

Updated: March 2021 updates in green, to reflect preparation for the wider opening of school 08 March

	<ul style="list-style-type: none"> • School regularly asks parents to inform us of any incidents of a safeguarding nature or the death of a family member especially involving Covid-19. If staff have any concerns, direct contact with parents will be made. 		
Partial school closure/ Lockdown	<ul style="list-style-type: none"> • The school communicates with parents via letter/email/website regarding any updates to school procedures which are affected by the coronavirus pandemic. Video meetings and pre-recorded messages. • Pupils working from home are assigned work to complete set by their teacher, via google classroom. • The Headteacher maintains the plan for pupils' continued education during partial school closure to ensure there is minimal disruption to pupils' learning. Remote Learning Continuity Plan in place and shared with the LA, staff and parents. • The Behaviour Policy (Amended) and Staff Code of Conduct are adhered to at all times, even while working in school or remotely. • The Headteacher ensures all pupils have access to schoolwork and the necessary reading materials at home. (Materials and work dispatched and posted/personally delivered from school to a number of vulnerable families, where children not attending the setting) • A remote learning strategy has been published and plans are in place and implemented to support the continuation of new learning for pupils in self isolation/or class year group self-isolating/a local lockdown. • The Headteacher works to ensure that technology used is accessible to all pupils. (4 Laptops secured from voluntary charity and allocated to families) • The school manages the use of parents' and pupils' contact details in line with the Data Protection Policy and the Data Retention Schedule, e.g. collecting emails to send schoolwork to pupils. (normally via LGFL site and website) • The Headteacher liaises with other schools to find pupils a temporary place at a different school where their usual school has to close. (Close liaison with other cluster schools) Not required to date as school has remained open. • School will work with the local public health protection team – London corona virus, where decisions to close year groups/school may be necessary. 		
Protective Measures for the wider reopening of school	<ul style="list-style-type: none"> • School open to key worker groups and vulnerable children 9am – 3pm • Start and finish times will be staggered 8:25am-3:10pm • Siblings (and childminders) to drop/ pick up at allotted times. • Break and lunchtimes will be staggered • Where possible, the children will be supported by their class teacher and familiar adults. • Continue to review our 'parent' and 'child communication in light of a wider re-

Updated: March 2021 updates in green, to reflect preparation for the wider opening of school 08 March

	<p>opening.</p> <ul style="list-style-type: none"> Children stay within their class of 30 other than playtimes and lunchtimes when they are with their year group of up to 90. Some staff will need to cross bubbles; this will be kept to the minimum where necessary. 		
Emergencies	<ul style="list-style-type: none"> All pupils' emergency contact details are up-to-date, including alternative emergency contact details, where required. Pupils' parents are contacted as soon as practicable in the event of an emergency. Pupils' alternative contacts are called where their primary emergency contact cannot be contacted. The school has an up-to-date Medical Needs Policy in place which outlines the management of medical emergencies – medical emergencies are managed in line with this policy. The school has updated the First Aid Policy in line with Covid 19 updated guidance. 		
Managing School Transport	<ul style="list-style-type: none"> Parents and children are encouraged to walk or cycle to their education setting where possible and not to use public transport. If public transport is required, parents encouraged to use during not busy times (Further DFE guidance to be published) Inclusion lead to liaise with LA re pupils who require to be transported in. Arrangement of key times to minimise cars/adults onto school site. ACTIONED Staff encouraged to walk/cycle/drive to school. Discouragement of car shares if cannot 2m. Staff who require to use public transport adjust hours, to do so at non peak times. Staff work remotely where feasible (1st and 2nd, 3rd & 4th lockdowns). 		
SEND	<p>All educational settings have a statutory duty to make reasonable adjustments for SEND children. We accept that children with complex needs may not be able to socially distance and it is acceptable for them not to distance within their bubble. Where possible, children with less complex needs should be supported to maintain distance and not touch others.</p> <p>Ensure that appropriate support is made available for pupils with SEND, for example by deploying teaching assistants and enabling specialist staff from both within and outside the school to work with pupils in different classes or year groups)</p> <ul style="list-style-type: none"> SEND provision (ARK & Study) will form one bubble, staff and pupils will be able to move throughout the bubble. Children will not access other bubbles. Extra and robust hand and respiratory hygiene measures will be in place, especially for children who may have sensory needs Enhanced cleaning of equipment (such as wheelchair handles) where there is a change of user/support. Children who are 'critically vulnerable' have individual risk assessments. 	Y	Risk
