

Right Respecting Schools Playground Survey Feedback May 2022

Results of the survey

Do you think it is equal and fair for all children in the playground?

155 responses

Do you think playground is fair? 49%

Everybody gets a turn

Because children at the school share

Yes because the playground is big and has space

People can play where they want

Boys and girls use the playground fairly

Everyone is kind and everybody lets me play in their games

Everyone gets to play with the people they want

Children play fairly

It is fun

Do you think playground is unfair? 51%

Boys still dominate the football pitch

There are too many spaces for Football and not enough space for others sports like tennis

Not everyone has a friend to play with

It is not because some girls do not get an opportunity and don't get to be let in football

Not everyone has a turn at the play equipment

Because people bully

We don't have many things to play with

Boys take up most space playing football and when girls want to join in they say no or put them in defence
