Celebration Assembly

Staying Safe Outside

Making happy choices in our playground

What Does Safe Mean?

Imagine you want to build a giant castle out in the playground.

How do we make sure our friends stay happy and nobody gets hurt?

Being safe means looking after ourselves, caring for our friends, and taking care of our toys.

Today We Will Learn

1. Spot safe choices when playing with tyres, sand, and outdoor spaces.

2. Know how to listen to adults and ask them for help when someone is unsafe.

Tell a trusted adult

Who can help us?

Can you name a trusted adult you see in our playground?

If you spot something unsafe, tell them straight away.

Important Words

Safe - Keeping our bodies free from hurt.

Rules - Helpful guides that show us how to play kindly.

Choice - Deciding what we say or do each playtime.

Safe Choices in Our Playground

Building with Tyres

Tyres are for building castles and dens on flat ground. We do not roll them down the hill.

Under the Cover

Walk under the canopy so we do not trip over toys. Save our running for the wide open space!

Sand in the Tray

Keep sand in the tray so nobody slips on the floor and we keep plenty of sand for building.

Talk to Adults

Adults remind us of the rules. If you see an unsafe choice, tell a grown-up straight away.

What Is Safe?

What should we do if we see a tyre rolling down the hill or someone making an unsafe choice?

1. Run very fast under the canopy
2. Push the tyre so it rolls even faster
3. Tell an adult in the playground straight away
4. Keep it a secret and walk away

What Is Safe?

What should we do if we see a tyre rolling down the hill or someone making an unsafe choice?

1. Run very fast under the canopy
